TAMRA SEGERT

NATIONAL TRAINER / ADVANCED ACADEMY INSTRUCTOR

Tamra started her career in 1978, choosing to attend barber school, concentrating on men's cutting and grooming. She realized there was an industry shift in women's hair to precision wearable cuts, not just weekly roller set and blow dry appointments. Tamra dedicated herself to all disciplines of hair including master cutting, styling and hair color. Along her journey, Tamra gained a passion for advanced education and became an Educator for Eufora in 2007. She holds positions on the EuforaColor Team, Men's Barbering Team, and the educator training staff, helping new educators become successful. Traveling North America, she shares her wisdom and knowledge through the Eufora Systems.
