

# Live Your *Art*

LEARNING SERIES

*TECHNICAL & Creative*

## ARCHITECTURE: *Advanced Haircutting*

- Design the right cut for every client by mapping it out
- Manage lines to manipulate shape and texture
- Achieve movement and create balance with the use of creative cutting tools
- Ergonomic hand & body positioning
- Business building practices

*As artists, devoting time for inspiration is essential. Go on a journey to ignite your passion for conceptual and artistic design. **Be empowered to think different as you explore your art.***

### TAMRA SEGERT

NATIONAL TRAINER

Tamra started her career in 1978 after graduating from barbering school and dedicated herself to all disciplines of hair including master cutting, styling and hair color. Along her journey, Tamra gained a passion for advanced education and became an Educator for Eufora in 2007. She holds positions on the EuforaColor Team, Men's Barbering Team, and even trains new educators. As a salon owner, Tamra also holds a top spot on Eufora's Business Training Team and travels throughout North America sharing her wisdom and knowledge of the Eufora Systems. An accomplished and renowned business woman, Tamra's salon has been chosen Salon Today Magazine's Top 200 for 3 years in multiple categories.
