

EUFORA COLOR BLONDING *Mastery*

Build your book with Beautiful Blondes! Explore the full spectrum of EuforaColor Blondes from natural blondes to strawberry blondes and the entire palette in-between. Advanced color theory and precision formulation will allow you to master single and double processed blondes with ease.

Learn to lift and tone with confidence, how to manipulate dye load and the EuforaColor technologies to create beautiful long-lasting tone and shine. Say goodbye to the fear of color corrections with a step-by-step strategic approach to corrective color.

Course includes: comprehensive theory, demonstration and hands-on instruction.

3-DAY ADVANCED ACADEMY COURSE

FOR INTERMEDIATE STYLIST

ATTENDEES WILL LEARN How to use lightener as a tool to precisely control lightness for blondes
How to design precision toners
To use skin tone, eye color and color categories to create predictably harmonious results
The art of micro-toning to expand your toning possibilities

JOANNE REMPEL EUFORACOLOR DEVELOPMENT MANAGER

Joanne's career as a stylist began in 1979 and grew as she discovered Eufora in 2007. As a 40-year veteran of the hair care industry and as the EuforaColor Development Manager, Joanne has a true industry expert's eye for color placement and styling. This educator has trained hundreds of stylists and Eufora Educators as a National Trainer and Academy Instructor. Her list of awards runs long and includes such prestigious accolades as the coveted Eufora Spirit Award.

Joanne splits her time; leading her team as a salon owner, as an award-winning businesswoman, stylist and a mentor. All while testing, developing and traveling internationally to teach the EuforaColor line. An Academy Class with this Master Colorist will elevate any stylist's skills.
