CUT WITH CHARACTER

Cuts, strong shapes, and sharpened skills.

Hands On

Confidence starts with the cut. Cut With Character 1 is designed to refine your foundational cutting techniques while helping you master the art of tailoring shape to suit each guest's unique features and lifestyle.

In this session, you'll explore short to mid-length haircuts with a focus on head shape, elevation, finger angle, and texturizing. You'll work through two modern, salon-friendly designs while learning how to adapt these techniques to enhance versatility and client customization.

This is more than just cutting—it's about creating character with every shape you design.
