

The Space Between

FINDING OPPORTUNITY IN THE GAP

Running a salon (or building a book behind the chair) can feel like carrying the weight of everything – keeping chairs full, dealing with no shows, fighting burnout, trying to raise prices without pushback, and wondering why “busy” doesn’t feel profitable. This hands-on workshop is designed to protect your schedule, boost rebooking, grow loyal clientele, strengthen team culture, and build a business that feels steady-not stressful. Walk out with an action plan, and tools you can use immediately.
